1 Introduction

The International Paralympic Committee (IPC) is pleased to present the World Para Powerlifting Uniform Advertising Guidelines 2017-2019. These guidelines contain the general rules concerning the uniform advertising and the specific details for the different categories (equipment, clothing, accessories and footwear) for each of the following World Para Powerlifting events (together the “Championships & Cups”):

- 2017 World Para Powerlifting Championships.
- Each of the 2018 World Para Powerlifting Regional Championships (Asia-Oceania, Africa, Americas and European).
- 2018 and 2019 World Cups.
- 2019 World Para Powerlifting Championships.
- 2020 World Cups.

The purpose of these guidelines is to provide sponsors of National Paralympic Committees (NPCs) and National Federations (NFs) with reasonable space for viable exposure and to ensure a professional image of World Para Powerlifting is portrayed to spectators and media.

These guidelines apply to all athletes participating in the Championships & Cups. These guidelines provide clarifications on how uniform advertising may be used (or not) in general and specific situations. The guidelines are not intended to restrict or otherwise impair new or innovative technological design features of clothing, equipment or accessories.

The guidelines have been distributed to all NPCs/NFs. We encourage all NPCs/NFs to make use of the guidelines during the design and production of clothing, equipment, accessories and footwear items for each of the Championships & Cups.

Please note that these guidelines do not apply to the Paralympic Games.
